

# ELC 2137 Lab 1: Git and LaTeX Intro

Ashlie Lackey

January 16, 2020

## Summary

This lab requires a student to follow an introduction to Git and LaTeX in order to submit a report. In doing this, the student gains skills in manipulating a pdf using Git and LaTeX software.

## Q&A

Answer questions posed in the lab assignment here.

## Results

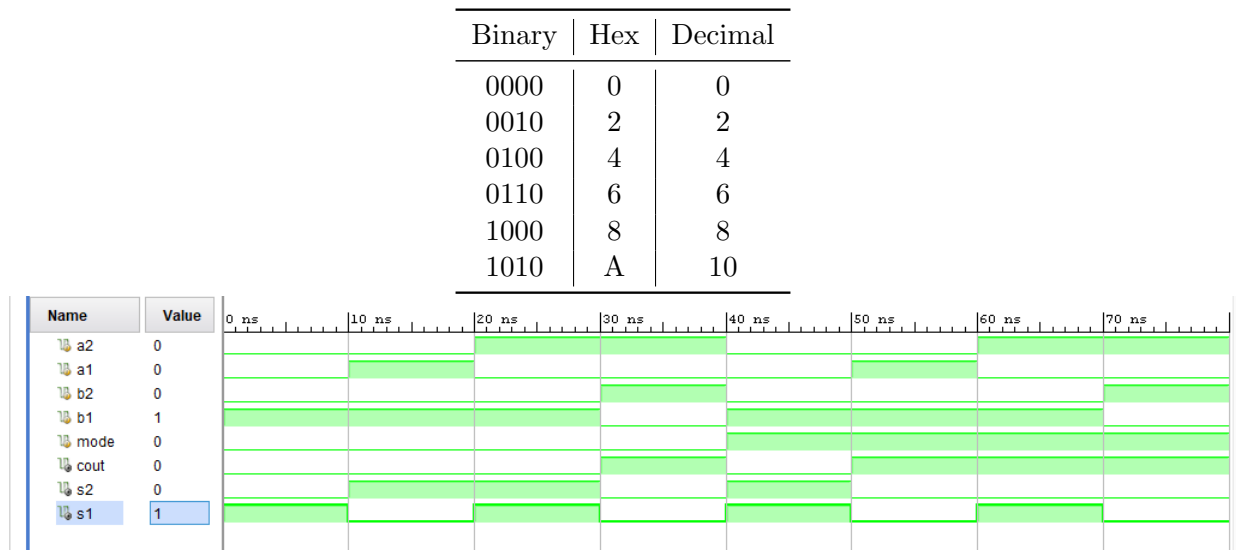

Figure 1: This Table displays the simulation waveform and table for reproduction.

## Code

Include all of the code you wrote or modified here.
